

Workshop

Traditional and modern agroforestry systems as natural carbon sinks

Practical implementation and requirements for CAP measures

16 - 17 June 2025, Băile Homorod, Romania

Day 1 (Mo, 16 June 2025) – Conference Day

8:30 Welcome & registration

- 9:00 Opening & welcome - *Loránt Vincze MEP of the region*
- “Benefits of agroforestry systems for the climate and other eco-system services”, *Corinna Friedrich, DVL, Project leader “Landcare Europe Captures Carbon - Supporting Natural Climate Protection in Agricultural Landscapes”*
- “Situation of agroforestry systems in the EU/CAP”, *Tamás Szedlák, former DG AGRI forestry expert*
- “Supporting agroforestry systems in Europe – which framework conditions do we need?”, *European Agroforestry Federation, tbc.*

10:30 – 11:00 Coffee break

- “Carbon sequestration of agroforestry systems in the context of the EU Carbon Removal Certification Framework (CRCF)”, *Dr. Rico Hübner, German Federation for Agroforestry (DeFAF)*
- “Ecological and social aspects of wood pastures in Romania and Europe”, *Tibor Hartel, Romania*
- “Mixed Farming and Agroforestry Systems (MiFAS) in Romania”?
- “Experiences of agroforestry from a farmers perspective”, *Fazakas Imre, Madaras, Harghita, Romania, translation: Szilvia Bencze, tbc,*

13:00 - 14:30 Lunch break

- “First steps of Agroforestry in the Baltics”, *EUKI Project: AgroForestry Solutions: New Climate Heroes in Estonia, Latvia, Lithuania, tbc*

- “Moving forward - Agroforestry in Czech Republic”, Tereza Humašová
- “Between CAP regulations & nature conservation: Building a network of agroforestry model farms in Germany”, *Corinna Friedrich, Landcare Germany*
- „Orchards - management & marketing“ – *Werner Thumann, Landschaftspflegeverband Neumarkt, Germany*

15:30 - 16:00 Coffee break

- 16:00 - 17:45 Roundtable discussion & Working groups
- Panel discussion

Question: What needs to be done, to promote agroforestry systems in Europe?

- Tamas Szedlak, ex/former DG AGRI
- Prof. Dr. Tibor Hartel, Romania
- Werner Thumann, Landschaftspflegeverband Neumarkt, Germany

- Working Groups:
 - Practical implementation of agroforestry systems
 - Necessary regulatory farmwork and CAP measures
- Short presentations of WS results

17:45 End of conference

Day 2 (Tue, 17 June 2025): Excursion (full day)

- Old wood pastures, rewetting grasslands, rotational grazing on common land
- Utilisation of forest fruits in a cooperative approach
- Orchards – traditional holistic management systems

Day 3: (Wed, 18 June 2025): Internal project meeting (full day)

- 8.30 - 13.00 Internal meeting of EUKI project team members “Landcare Europe Captures Carbon - Supporting Natural Climate Protection in Agricultural Landscapes”
- 13:00 lunch
- 14:30 Excursion to the Madaras peak (about 3-4 hours)
